BRYAN ENLARGES EDUCATION DEPARTMENT

Backed by the enthusiasm of the alumni association in its effort to help support an education teacher, the administration is glad to announce its plans to increase the offerings in education this fall.

Roy Butler, a graduate of Gordon College, Boston, and Univ. of New Hampshire, with A.B., M.A., and Ed. M. degrees in education and philosophy, will head the department.

Where do we stand in our alumni support? At the end of July $620 of the $2,500 had been contributed "in hope." Now that the department is an immediate reality, let's rally to our task of providing the remainder of $1,875 before Homecoming time.
